Our cubby collection...

The Cottage

The Cottage is ideal for small families and is perfect if you have limited space. A popular choice for back patios and courtyards.

DIMENSIONS

1750mm (w) x 1900mm (l) x 2100mm (h)

The Townhouse

The Townhouse offers the same floor plan as the Cottage but with our signature verandah. The Townhouse will enhance any backyard.

DIMENSIONS

1750mm (w) x 2670mm (l) x 2100mm (h)

The Homestead

This classically styled cubby has a tiered roof covering its generous 2.4m wide verandah, providing plenty of room for bikes and furniture. Inside, there is ample space to move the beds in and have a slumber party!

DIMENSIONS

2450mm (w) x 2580mm (l) x 2100mm (h)

Our cubby collection...

The Mansion

The Mansion is the largest cubby in our range. Once the kids have grown up, the Mansion makes the perfect storage room. Popular with Kindergartens and Child Care Centres.

DIMENSIONS

2350mm (w) x 3280mm (l) x 2200mm (h)

Our fort collection...

Roof Fort

Sheltered from the elements yet still unobtrusive in design, the Roof Fort is ideal for exposed settings. It will get your kids away from the TV and outside doing something healthy and active. Double the fun by linking your fort to a cubby with a combo bridge.

*“any active
kid’s fantasy”*

DIMENSIONS

1700mm (w) x 1880mm (l) x 2100mm (h)

Monster Fort

The open design of the Monster Fort is great for kid’s parties or big active families. Accessories can be added to further enhance its appeal. If you have plenty of space add a Mansion to your Monster Fort for a 10m x 10m extravaganza.

*“monster size
monster fun”*

Optional extras...

Elevation Kits

The 600mm elevation kit is perfect for unlevel sites and will provide increased air circulation. The posts are free-standing and supplied in 750mm lengths so you can cut them to suit your particular site. Allows for 2.5m slide on the top of the balustrade.

600mm elevation kit

The 1500mm elevation kit allows for the addition of a 3.1m double wave slide and 1.5m scramble net. It comes standard with a sandpit which supports and braces the free standing 1.8m posts. For sites with height restrictions you can cut the posts and ladder down to your preferred height and add a 2.5m slide.
